Personal Details:

Date of birth: August 20, 1992

Sex: male

Lives in Tehran, Iran

Life and career:

I started my career when I was 16 with drawing. When I was accepted at Tehran University of Medical Sciences (2011), I was forced to change my art-field to graphic because of the lack of time! I could improve my graphical skills very soon and did a lot of artwork (personal and public).

Late of 2013 I've established an art association in the Students' Scientific Research Center and I'm the chairperson of it.

Artworks:

2014	<ul style="list-style-type: none">• Designing of brochures, posters and banners for the PPAC project• Designing of the member association poster for the poster presentation in the 60th IPSF World Congress• I was the designer of the Logo, Banners, Posters, etc. in the First Student Health Festival (with a special look on the special kids)
2013	<ul style="list-style-type: none">• Designing of brochures, posters and banners for the Diabetes Awareness Campaign• I achieved the second place in Osvah packing design competition
